

BMSystems, with its 14 independently validated successes to date, is selected by the Galien Foundation for the MedStartUp Award 2017 program first step during the US Galien Prize Forum in New-York.

PRESS RELEASE: Paris-New-York October 4, 2017: We are proud to announce that BMSystems is selected by the [Galien Foundation](#) and [Business France](#) to participate to the [Medstartup Award](#) program first step during the [11th Annual Prix Galien USA Awards Ceremony](#) (October 25-26) in New-York. This event brings together top cutting-edge companies where innovation, scientific excellence and creative commercial goals are of utmost importance.

This event will be the opportunity for Bio-Modeling Systems, [the world's first Mechanisms-Based medicine company](#) to present its CADI*™ Discovery platform that already led to [14 successes independently validated](#) of which [a world's first in neurodegenerative diseases](#), [1 therapeutic spin-off](#), [1 exclusive out-license in](#), [4 issued patents](#) and [10 publications](#).

Latest news: [Press-release](#) from Hospices Civils de Lyon about phage therapy success with Pherecydes Pharma bacteriophages. [Pherecydes-Pharma](#), is BMSystems' first therapeutic spin-off.

Created in 2004, profitable since 2006, thanks to our recurrent clients, we propose to R&D & Translational Medicine Executives, robust alternative decision-making to de-risk, save time, costs, and novel cost-effective diagnostics/therapies for their businesses such as:

1. GO-NO GO decision before product acquisition.
2. GO-NO GO decision before next phase.
3. R&D program Rescue.
4. External R&D "B plan" program
5. Exploratory program to discover novel causal mechanisms.
6. Novel Hypotheses for therapeutic and/or diagnostic solutions discovery.

We warmly invite you to download our [Management summary](#), [our Short corporate Presentation](#) or our [CADI™ Discovery Concept and POCs Presentation](#).

Do not hesitate to contact us for more information or any business request.

Best regards,

Manuel GEA
